

## Canutillo Elementary School

Dear Parents,

The Canutillo Elementary students are participating in the Accelerated Reader program. The goal of this program is to promote reading, build fluency, comprehension, reach the independent reading level of each student and develop a love for reading.

The following information lists all the different activities that your child can participate to achieve different reading goals.

Reading certification levels are motivating benchmarks for students. Certification levels assist students in moving from picture books to chapter books; encourage students to expand their reading experiences; and drive them to attempt more and more complex levels of reading.
